Farm for the Future

AGRONOMIC FOR
COMMUNITY EMPOWERMENT

Weekly News 09/2024.

Feb. 26th 2024.

Building Partnerships for Success

We are proud to announce a fruitful partnership with Bjertnæs & Hoel Farm in Norway. Their expert Patrycja and Bartosz recently visited our farm for a knowledge exchange program, where they actively participated in various potato operations alongside our dedicated team.

This collaboration has not only enriched our understanding of best practices but also paved the way for future growth opportunities.

Bartosz celebrated his birthday at the farm together with the FFF team. The team also visited the FFF beneficiaries.

*“We did not expect the quality of production that we found here, you manage to get very good potatoes just in your first year. This is a very amazing starting position” commented **Bartosz**.*

*“I am very impressed to see how you give people good skills and they take and use the opportunities to change their lives, what you do here is very amazing” added **Patrycja**.*

The Bjertnæs & Hoel team on Safari.

When visiting the FFF farm, you get a chance to be on Safari. Patrycja and Bartosz had the incredible opportunity to visit Ruaha national park alongside the FFF Farm Manager Leonard.

The team witnessed the beauty of wildlife firsthand. It was a wonderful experience that we wish for all of our guests to get the chance to.

(Patrycja, Bartosz and Leonard spent 3 days at the Ruaha National Park)

“Exchange programs are one of the good ways for us to learn from others. Through this visit, I have seen the importance of investing in Research and Development as well as Monitoring and Evaluation of Results” commented **Leonard the FFF CEO and Farm Manager.**

The FFF team is very happy to have Patrycja and Bartosz on the farm. We have learnt a lot from them and look forward to more exchange programs.

Farm For the Future & Agronomic for Community Empowerment

“A unique model to end poverty with Commercial farming and Community Empowerment on the same arena”
